Export and import Bookmarks in Google Chrome

Export bookmarks:

Open Chrome, click on the Chrome menu found at the top-right of the browser >
Bookmarks > Bookmark manager

Click on Organize (the button with three dots) > Export bookmarks

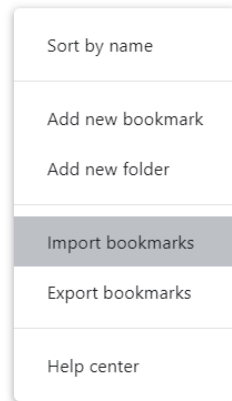

Save the file in your homefolder (G:)   **Done!**
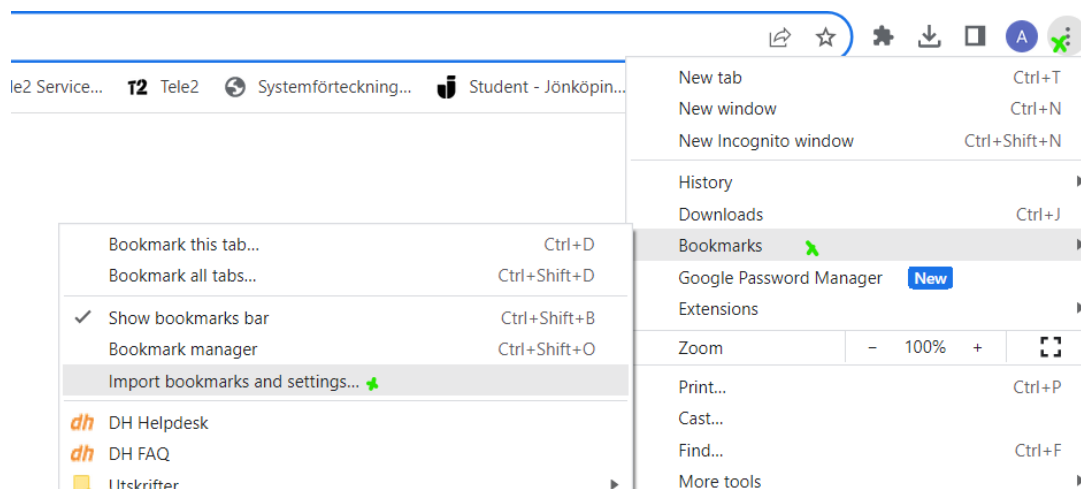

Import Bookmarks

Go to Organize again but instead, click on Import bookmarks

FInd the HTML-file you saved earlier > *Open*   **Done!**

You can also import bookmarks by clicking on the Chrome menu -> Bookmarks ->
Import bookmarks and settings...

Change to Bookmarks HTML file -> Tick Favorites/Bookmarks -> Choose File -> Select the file you saved.
Done!
